**MONADNOCK INTRODUCES WINDOW BREAKER ACCESSORY FOR BATONS**

**JACKSONVILLE, Fla.** – January 12, 2007 – Monadnock Lifetime Products, Inc., a leading manufacturer of batons for the law enforcement community, announces today the introduction of the Window Breaker to compliment its line of AutoLock® and Friction Lock batons.

The Monadnock® Window Breaker is an accessory designed to fit over the standard tip, Safety Tip® or Power Safety Tip of the baton – providing additional functionality to one of the industry's best selling lines of expandable batons. The Monadnock® Window Breaker features a hardened steel tip that enables law enforcement to break automotive, home and other glass to gain access in emergencies.

For more information on this and other quality products from Monadnock, please visit [www.batons.com](http://www.batons.com).

**About Monadnock®**

Monadnock® Lifetime Products, Inc. has been a leading manufacturer of batons for the law enforcement community since 1958. In addition to its fine line of batons, Monadnock is a leader in contemporary law enforcement education through its training programs for expandable batons as well as the PR-24®. Monadnock is part of the Armor Holdings Products Group, a business segment of Armor Holdings, Inc. For more information visit [www.batons.com](http://www.batons.com).

**About Armor Holdings**

Armor Holdings, Inc. (NYSE: AH) is a diversified manufacturer of branded products for the military, law enforcement and personnel safety markets. Additional information about the Company can be found at [www.armorholdings.com](http://www.armorholdings.com).

## **Monadnock Window Breaker**

### **75-Word Description:**

Monadnock® has just introduced the Window Breaker, a removable accessory that is designed to fit over the standard tip, Safety Tip® or Power Safety Tip® of AutoLock and Classic Friction Lock batons. It features a hardened steel tip with rubber cap that enables law enforcement to easily break automotive, home and other glass with a simple tap to gain access in emergencies. The removable Window Breaker features an easy “on-off” application and can be comfortably carried in pockets and gear bags.
